

## BESPOKE GOLF SIGNS For Premium Golf Clubs

*Premium All-Season timber golf signs, CNC-machined and hand painted with your desired design.*

## ABOUT OUR COMPANY

*Clive Briggs started Signs 4 Golf as he was a keen golfer but also a carpenter for more than 40 years.*

*While playing golf, Clive was always trying to think of a better alternative to all the tired-looking signage on the courses he was playing.*

***The idea for Signs 4 Golf was born..***

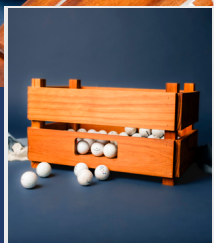

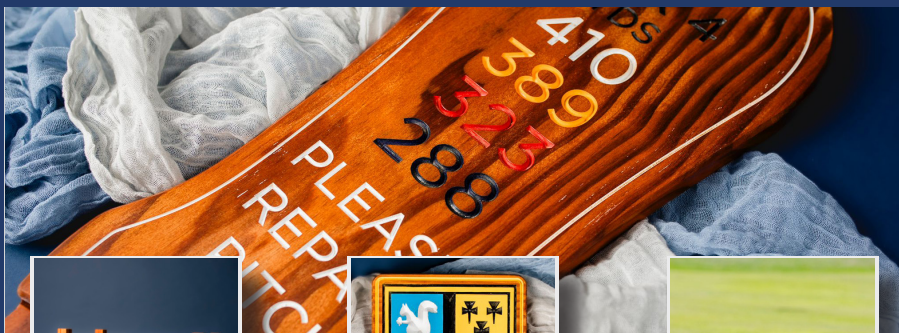

*During his carpentry job he came across Accoya, a timber which has all the qualities needed for inside and outside signage in all seasons – perfect for golf courses!*

*More recently, Clive has refined the product and added the bespoke branding offer you can see today.*

## EXAMPLES OF OUR WORK

**For non painted signs we use Iroko and Utile.**

Iroko is a durable hardwood resistant to rot and insects, making it ideal for outdoor use.

Utile is a tropical hardwood that comes from West and Central Africa. It's known for its strength, durability, and resistance to decay and insects.

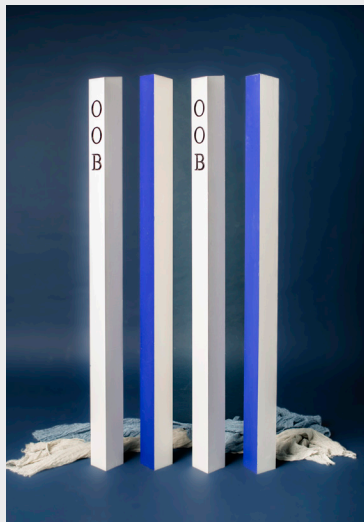

### For painted signs we use Tricoya.

Tricoya is a very durable, high quality moisture-resistant MDF that is ideal for outdoor and humid environments. It is lightweight and easy to work with.
